

# RM-85

RM-85 window system offers top technical performance with equal sight lites for a balanced look, steel reinforcement for durability, and a triple gasket for superior insulation. Available in a wide range of veneer colors, the RM-85 combines functionality with modern design to suit various architectural styles. Operable sashes are designed to open outward, maximizing interior space, ventilation, and user comfort.

- Wide range of Dual and Triple glazing options
- Steel reinforced frames
- Variety of veneer colors
- Double sealing gasket
- Sashes designed to open outwards
- Equal sight lites
